Re: Noratek ParkReporter™

The City of Campbell River has been using the ParkReporter™ since October 2012. We expect that ParkReporter™ will reduce both our risk of liability and overall costs. Also, we are pleased to be able to increase the efficiency and consistency of our inspections.

Although we have only used the software for three months the transition from paper to electronic has been easy and Noratek has provided us with excellent customer support. I would recommend ParkReporter™ to any organization that is involved with inspection reports.

Sincerely,

Grant Parker
